

Let's look at truth. It's all around us but sometimes it is easier just not to see. To be blind. We are lost we are damaged we are all on our own. We are lost children of 21. century.

Moscow street is very special place in Riga. You can meet your deepest fears in this darkest place of Riga. Boms... Narcotics... and rock'n'roll... Welcome to Riga

artist statement

When I'm standing in front of a white canvas, not always I know what I am going to paint. Confidence about final results comes to me in process of painting.

I am inspired to paint thanks to strong emotions: if it's fear or irritation or simple happiness of everyday I use it all in my art, to create a painting which is going to speak for me.

In my art I create dramatic situations which I achieve with hypnotic eye gaze, expressive and contrasting colors and dramatic composition.
