Taigi - abejonė. Ar mylėti ir įsimylėti yra skirtingi dalykai? Jaučiu vidinę kovą savyje. Dairausi į svetimą kiemą, ieškau atsakymo. Ar tikrai žolė žalesnė kitame kieme? Žinau, kad čipsai ir alus tavo mėgstamiausi dalykai, bet koks jausmas dar vis mylėti savo buvusią merginą? Klausiu savęs, nes bijau to klausti tavęs.

So - the slightest doubt. Is to love and to fall in love different? I feel an internal conflict emerge within myself. I'm looking onto an unfamiliar yard. Is the grass really greener on the other side? I know that Cheetos and beer are your favorite things, but how does it feel to still love your ex-girlfriend? I ask myself because I am too afraid to ask you.
